Would you like to be involved in exciting cloud-based software projects? Working with the latest .NET Development tools and techniques? Work as part of a truly Agile organisation? Then join our talented team of developers near Godalming, Surrey. You'll contribute to all stages of the development process from defining and refining the stories, to its subsequent implementation and delivery.

We are seeking developers who are passionate about technology, that enjoy a highly collaborative working environment and seek to solve technically challenging problems. You will be exposed to coding at all levels of the stack, including modern Single Page Applications communicating with Web APIs, to processing and complex analysis of data from network devices and web services on the server side in C#.

Required experience:

- 3+ years of professional experience developing .NET web applications using C# 6+ (.NET 4.5+)
- 3+ years of professional experience with JavaScript Frameworks (React, KnockoutJS, TypeScript, jQuery, Angular, etc.)
- 3+ years of professional experience implementing unit tests using NUnit or similar
- Knowledge and experience of RESTful web services
- Knowledge of design patterns and SOLID design principles
- Fluent written and spoken English, able to tailor communication to the target audience
- Existing legal right to work in the UK

Desired experience:

- Knowledge and experience of NoSQL databases
- Experience with database abstraction frameworks such as nHibernate or Entity Framework
- ASP.NET Identity Framework
- Cloud development with Microsoft Azure or Amazon AWS
- Working knowledge of PowerShell
- Experience creating behavioural tests using Gherkin syntax
- Understanding of Agile methodologies, SCRUM and TDD specifically

Salary and Benefits:

We provide a supportive environment with a focus on providing opportunities to grow your skills and experience. In addition, we offer:

- Competitive salary
- 24 days holiday, increasing by one day per full year to a max of 30
- Workplace pension scheme

- Private healthcare
- Cycle to work scheme
- 3 x 24" Monitor development PC
- Pluralsight subscription
